## ABOUT THE PROGRAMME

Teachers are known to be nation builders. The profession of teaching has become quite demanding and challenging today. The multifaceted teaching activity often requires teachers to assume multiple roles as instructors, tutors, mentors, guiding students in numerous tasks and goals simultaneously and flexibly. Teaching has become student-centered which emphasizes active learning. Rich subject knowledge blended with an excellent understanding of how to teach is necessary for successful teaching. The hallmark of a good teacher is the ability to blend his/her professional knowledge and skills with the personal attributes in order to harness the innate potentials of the learners for their overall development.

The present programme aims in sharpening the teachers to be adaptable and responsible to the changing socio-economic and technological developments and also facilitate them in combining professionalism with societal ethics in the discharge of their duties.
